C. F. FIST, opposite High School.

CENTERS OF TRADE.

Weekly Report of the Condition of Business.

R. G. DUN & COMPANY'S REVIEW.

Satisfactory Feeling in Regard to the Crop Prospects—A Waiting Trade at the East, Great Confidence Throughout the West and a General Dullness in the South.

NEW YORK, July 11.—R. G. Dun & Company's weekly review of trade says: Crop reports have never been more full than they are this year, and they grow more clearly satisfactory as to spring wheat every day, improving also as to other grain and cotton. Wheat has declined two cents during the past week, notwithstanding exports fully as large as a year ago, but immediate demand for corn has caused a raise of one and one-fourth cents, and oats are quoted higher.

Sales were but moderate, and of cotton only 190,000 bales, without change in prices. Pork products are a shade lower, coffee unchanged, and oil about a cent lower, with very little activity in dealings.

The market for sugar has been weaker, but grows steady, and refined is in better demand. The Louisiana crop is expected to be the largest since 1860, bounty applications being for 450,000,000 pounds. The general course of prices has changed but little during the past week. Tin has declined a shade through speculation at London, and lake copper sells at twelve and seven-eighths cents, the half year's production by six companies being 28,048 tons, against 26,750 tons last year. Lead is weaker at 4.45 with some realizing.

Reports from other cities show a waiting trade at the east, greater confidence throughout the west and general dullness at the south. Boston reports a little more activity. Wool purchases were 2,312,500 pounds, with better inquiry for territory and with dry goods rather more active. At Hartford trade is generally quiet, and at Philadelphia groceries are dull with poor collections, the dry goods trade anticipating a prosperous fall, and the clothing trade reporting a good demand.

At Buffalo trade in dry goods, clothing, groceries and lumber is fair, but coal is dull from over production. Manufactured iron at Pittsburg is in better demand and the coal output in June was the largest ever known. Trade is fairly good for the season at Cleveland, and also at Cincinnati. Wool is moving better at Detroit, and iron is in fair demand. At Chicago wheat receipts are three times last year's, and there is increase in flour and corn, and trade in dry goods, clothing and shoes exceeds last year's with good collections. Receipts of other grain, cured meats, dressed beef and lamb fall behind last year, and crop reports are very favorable, all indications pointing to a large trade in the future.

At St. Louis the trade in wool, grain, produce and live stock is good; the outlook for all trade is very encouraging. Milwaukee reports some sensation caused by failure of the largest grain commission house. At Minneapolis trade is good for the season. At St. Paul, Omaha and Kansas City crop prospects improve trade, and at Denver business is fair. Some increase is noted at Louisville, but at other southern points dullness prevails, and at New Orleans, though slight improvement is seen, the tactics of traders are extremely conservative.

The midsummer closing of iron works almost suspends the trade, but while the best brands of pig are well taken, others are hard to sell, and Alabama No. 1 has been offered here at \$16. No activity is noted in rails, and not much in manufactured iron. The anthracite coal trade is dull, the average price for June at Schenckill mines being \$2.23 per ton against \$2.24 last year. Wool moves slowly at New York, buyers taking only for actual needs. In woolen goods some improvement in orders is observed. The building trade is, on the whole, less active than a year ago, though at Chicago an increase of 7 per cent. is noted.

At Chicago and other northern points generally money is ample, though at the west there is more demand than heretofore. At southern points the markets are close as a rule, though only firm and in fair supply at New Orleans.

The business failures during the last seven days number, for the United States 222, for Canada 25, total 247; as compared with a total of 237 last week, 234 the week previous to the last and 197 for the corresponding week of last year.

Three Pictures and a Revolver.

MILWAUKEE, July 11.—Holding in one hand the picture of three young ladies, and in the other a revolver, a well dressed young man, registering as W. C. Aldrich, Chicago, killed himself at the Republican house last night. The name registered is probably fictitious, for, as though trying to conceal his real identity, the suicide had cut the initials from his shirt and burned them from his handkerchief. He had no baggage. He was apparently twenty-five years old with a small blonde mustache. He wore a diamond ring and had considerable money on his person.

Mother and Child Electrocuted.

LITTLE ROCK, July 11.—Word has been received that while a party of movers were encamped on Wolf bayou, Cleburne county, lightning struck the wagon of a man named Anderson, instantly killing his wife and one-year-old baby.

Died of His Injuries.

NEW YORK, July 11.—William Hobbs, a waiter in a Third avenue restaurant, died yesterday in the Bellevue hospital from the effects of a thrust in the eye with an umbrella, inflicted upon him by an unknown assailant on Wednesday night.

SIX DEAD BODIES.

A Nebraska Farmer Murders His Entire Family and Then Suicides.

OMAHA, July 11.—A special from Ellis, Neb., says: Mrs. Dr. Allen, of Beatrice, Neb., went to Ellis, Neb., last night to visit her brother, John H. Puterbaugh, a farmer living one and a half miles from Ellis. Repeated knocks at the door failing to obtain a response, Mrs. Allen entered and a horrible sight met her eyes. On the floor lay her brother, Puterbaugh, with a bullet hole through his head and an empty revolver lying beside his dead body. Mrs. Allen called her driver, and the two made further investigation. On a bed lay Mrs. Puterbaugh dead. Beside the wife and mother lay the dead body of the 2-year-old babe.

On a lounge in another room lay the dead body of Puterbaugh's 10-year-old son. Up stairs were found the dead bodies of Puterbaugh's two daughters, aged 13 and 15 years. Each one had been shot through the head and, evidently, while all but Puterbaugh were asleep. It is believed Puterbaugh himself committed the terrible deed, probably in a fit of insanity. He was a well-to-do farmer, without any known trouble, and insanity is the only motive that can be ascribed for the deed. One son, aged 17 years, was saved from the slaughter by being absent from home at the time. An inquest is being held.

BLACK BASS FISHING.

Five Hundred of the Finny Tribe Captured by the Presidential Party.

CAPE MAY, July 11.—President Harrison and party, comprising the guests of the summer White House, were out to the fishing banks yesterday on the revenue cutter Hamilton. Five hundred handsome black bass were trophies of their skill. The president caught forty-six, Mrs. Harrison thirty-seven and Master Ben McKee landed six and started the engine of the cutter.

On arriving at the fishing banks a salute was given by a big fishing fleet already there. The cutter with the distinguished party arrived back at the pier at 5 p.m. They were delighted with the events of the day. Barring sea sickness of the ladies, the day was one of unmixed enjoyment.

The president signed commissions of Walter McLain, to be lieutenant in the United States navy, George F. Cunning, commissioner from the state of Washington to world's fair, and recognized George Hall as Turkish consul at San Francisco.

ELLIOTT'S BRAVADO.

It Breaks Down Under a Rigid Cross-Examination by the State.

COLUMBUS, O., July 11.—Present indications point to an early terminus in the Elliott case. The accused occupied the stand all day, closing his testimony near the close, and the defense gave notice that it would rest today. The question of argument was discussed by the attorneys, but not finally settled. It is believed, however, that all five attorneys for the defense will consume the sixteen hours allotted them.

Elliott did not maintain his accusations of any trouble with Osborn previous to the shooting, and that he was looking for him on the day of the tragedy. He further denied shooting, towards the north and killing old man Hughes. The state will consume the day in rebuttal.

Sensation in Naval Circles.

NORFOLK, Va., July 10.—A big sensation was created at the navy yard yesterday by the arrest of the paymaster's clerk, Vanranken, of the general store house, and H. W. Coston, a clerical employee of the same establishment, on the charge of stealing composition metal from the government valued at \$10,000. The arrests were caused by the discovery in the store of a box of goods marked, "Commandant of the Naval Station at Port Royal, S. C." for which there was no orders. Coston was arrested, and later in the day was arraigned before United States Commissioner Ackiss, at Norfolk. Vanranken was also placed under arrest and taken aboard the United States receiving ship Franklin to await court-martial. They were both bonded to appear next Tuesday. Both men are leaders in high society in this section.

Threatened Indian Uprising.

GAINESVILLE, Tex., July 11.—Indian Agent Bennett and the Chickasaw militia have arrested and placed in camp over fifty families (whites) charged with being intruders, who will be put across Red river into Texas with orders not to return to the Indian Territory again under heavy penalties. A cattle tax of \$1 per head is being collected by the Indian militia from the whites and the wire fences around big pastures are being cut. There is great alarm among the whites in that part of the nation.

Fatally Burned by Gasoline.

AKRON, O., July 11.—Charles Helwig, an employee at Hills Sewer pipe works, was fatally burned by a gasoline explosion. He was emptying a barrel into a gas machine, when the gas ignited by some unknown means. He ran to a sand pit sixty feet away, and rolled over and over in it, extinguishing the fire. He cannot live.

Will Have to Serve His Time.

NEW YORK, July 11.—John McEvoy, a youthful and desperate highwayman, who robbed aged Mrs. Lowenstein, was sentenced to fifteen years imprisonment yesterday. He made an attempt to escape while on the way to prison, but could not get off the shackles.

Entire Family Poisoned.

MARTINSVILLE, Ind., July 11.—The entire family of Thomas McCoy, living west of Brooklyn, were poisoned by rough on rats. It is claimed the poison was put in their food by evil designing persons.

LONDON'S WELCOME

LONDON, July 11.—The inhabitants of

OHIO CROPS.

Percentage and Average Condition, as Reported from Township Correspondents.

COLUMBUS, O., July 11.—The following report, showing the percentage, condition or prospect of crops and live stock, July 1, 1891, in Ohio, is estimated from the reports of the regular township crop correspondents. The estimates for area of corn and potatoes are by percentage, comparison with the areas of last year. The estimates for condition or prospect of the various crops and live stock are by comparison with a full average condition:

	Per cent.
Wheat—condition	97
Barley—condition	92
Oats—condition	80
Corn—area	99
Corn—condition	92
Corn—damage by cut worms	1%
Corn—damage by white grub worm	0%
Clover—average product per acre (tons)	1.4
Clover—quality	87
Clover—damage by white grub worm	1
Potatoes—area	102
Potatoes—condition	95
Timothy—condition	87
Pastures—condition	95
Horses—condition	94
Colts—number	93
Cattle—condition	85
Calves—number	90
Wool—clip as compared with last five years' average	97

From all that we can learn at this date, we are confirmed in the report of May 1, that we have an average good crop of wheat. The month of June has been as favorable for the growth of oats as the month of May was unfavorable.

With a few more days of favorable weather the oats in the northern half of the state promises a fair average crop, while the southern half will be short.

"SOMEHOW," observes the Paducah Standard, "the Republicans always carry Kentucky about a month before the votes are cast, but when election day rolls round the Democrats pile up their majorities mountain high."

TO-DAY will settle the squabble among the Buckeye Democrats over the Gubernatorial nomination, and if reports are any indication, the Hon. James E. Campbell will be selected to succeed himself. The fight all along has been the Cincinnati crowd against the rest of the State.

HERE'S an item for the McKinleyites. A special says: "Despite the McKinley law the Frankfort district of Germany reports that the exports to the United States for three months ending with June are \$125,000 in excess of the exports for the same period in 1890."

The McKinley protective tariff doesn't seem to protect.

THE Signal Service Bureau came to the front yesterday with a bulletin predicting warmer weather. The S. S. B. is several days behind Weather Prophet Hicks. In his predictions the first of the month he says: "The presence of the new moon added will cause storms on the 5th to 6th. Cooler air and fresh ozone will bring a 'breathing spell' until about the 10th, when it will begin to grow very warm, culminating in excessively high temperature and storms about the 11th, 12th and 13th."

We've had our "breathing spell," and you may now prepare for high temperature.

S. B. ERWIN, the Alliance candidate for Governor, was in Lewis County several days recently in the interest of his party. The Vanceburg Times says: "He expressed himself as confident of the election of the People's ticket." Mr. Erwin is the fellow who, as President of the State Alliance, used his influence to prevent the establishment of the tobacco growers' warehouse at Louisville last winter and whose conduct in that affair was so outrageous that he was thrown out of his office. His whole course in that case was plainly in favor of the warehouse trust at Louisville and against the farmers and tobacco growers, and yet he has the sublime cheek to run about over the State and appeal to the people to vote to place him in the highest office in Kentucky.

"WHEN he shall visit the wool counties in his campaign tour in Ohio this year Hon. William McKinley will have no little trouble in explaining to the farmer the amazing gap between Protectionist promises and Protectionist performance," says the Philadelphia Record. "For example, here are June prices for wool this year and the two preceding years:

Ohio XX.	Michigan X.
1889, Before wool was McKinleyed)..... 35c.	32c.
1890 (Before wool was McKinleyed)..... 35c.	30@30½
1891 (After wool was McKinleyed)..... 31½c.	27@28c.

"Mr. McKinley will not be able to explain matters by showing that foreign wools have dropped in price. On the contrary, we are buying more Australian wool than ever, and are paying bigger prices for it, while the Ohio wools are neglected."

Notice to Keyholders.

All persons who hold keys to the old boxes belonging to the postoffice, and who left their names with me in answer to a request in THE BULLETIN in August last, are notified to at once present their keys for redemption.

THOMAS A. DAVIS, Postmaster.

Are You Interested?

The following frank statement from J. E. Hare, of Trenton, Texas, will be of interest to many of our citizens: "My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine." For sale by Power & Reynolds.

Railway News.

The Columbus and Maysville Railroad is assessed at the small sum of \$18,346 in Brown and Highland counties, Ohio.

Thursday the Louisville and Nashville declared a semi-annual dividend of 2½ per cent. in cash. The fiscal year's end, on June 30, showed a surplus over dividends of \$482,340.

The Baltimore Manufacturers' Record this week states that the Chesapeake and Ohio Company has closed a five-year contract with O. Fuerness, one of the largest steamship owners in England, for three regular lines of steamers from Newport News, Va., to Liverpool, London and Glasgow, and also for an occasional steamer to Havre and Antwerp. These will be the first regular European steamer lines from any port south of Baltimore. Heavy engagements of grain, provisions, flour, tobacco, lumber, live stock are being made in the West for export by these steamers; one order for 60,000 bags of flour having just been booked in St. Louis and another of 54,000 bags, direct to Havre, said to be the largest single shipment of flour ever made from this country to that port. The steamers are of from 3,000 to 5,000 tons capacity, and each line will send out a steamer every ten days, making about nine or ten steamers a month on the three regular lines.

The Turf.

Nelson who holds the stallion record, 2½, has been re-instated and will be seen on the track again this season.

Dr. Kehoe of Mt. Sterling has a Cyclone colt that he thinks is the best bred one out, and promises to make a great trotter.

The Paris Record says: "There seems to be an impression that Dr. Sparks will worry the four-year-old record this season."

Egalite, 2½, owned by W. L. Piper & Co., Carlisle, after a good season, has been put in training at Maysville with Fitzgerald's string. He will be sent to beat 2:20 to secure the \$200 offered by the owner of his sire, Egbert, and \$500 for the best trotting by a son of Egbert this year.—Paris Record.

The "Campbell" trotting track is a new candidate for public favor. The easiest explanation of its shape, is to take the "kite" track and reduce the large loop sufficiently to make the smaller one of the same size, then you have the Campbell track, with two loops or wings of a half-mile each, the grand stand and judges stand being at the junction.—Exchange.

Here and There.

Mr. Throop Browning has returned from his trip East.

Miss Eleanor Posey, of Rushville, Ind., is visiting Mrs. J. T. Kackley.

Misses Alice Alexander, Cora Lowry and Beatrice Pollitt have gone to French Lick Springs to spend a few weeks.

Misses Minnie Calvert, of "Cherry Grove," and Aimee Cook, of Millwood, are visiting Miss Nellie Cahill, of Lewisburg.

Mrs. Wm. Hukill, Sr. and Mrs. W. T. Buckner left Thursday evening for Maysville to spend a few days with Mrs. Dr. M. H. Davis.—Bourbon News.

Mrs. James H. Hall and daughter, Miss Susie, Misses Lucretia Jacobs and Emma Trout and Rev. J. W. Loving spent Friday with Mrs. James E. Cahill, of Lewisburg.

Mr. W. J. Kehoe, one of the official stenographers of the House Representatives, Washington, D. C., is spending a few days here with his mother and other relatives.

River News.

Rising here and at points above.

The Boston is the Sunday packet for Cincinnati.

Another heavy fog delayed packets this morning.

The flood in Little Kanawha this week did lots of damage.

Nearly 5,000,000 bushels of coal left Pittsburgh Thursday and yesterday.

The St. Lawrence brought 250 passengers out of Cincinnati on one trip recently.

The Chancellor for Portsmouth, Big Sandy for Pomeroy and Hudson for Pittsburgh will pass up to-night.

The Scotia on her down trip this week struck the bridge at Parkersburg. Both of her smokestacks were knocked down, and there was big excitement for awhile among the crowd of excursionists aboard. The accident caused but little delay.

County Court Doings.

John R. Morford qualified as guardian of Charles I. Morford, Carrie B. Morford, Annie E. Morford and Edwin S. Morford, with I. M. Lane as surety.

An inventory and appraisalment of the personal estate of the late Henry E. Pogue was filed and ordered recorded. The appraisalment amounted to \$700.

Accounts amounting to \$43.35 for well bound record books for the Mason Quarterly Court were allowed and ordered certified to the Auditor for payment.

A LETTER from Peoria, Ill., Thursday brings the information that Dr. Frank McGranahan is very low. His death is expected at any moment.

For the Farmer.

There is a fine stand of tobacco in Robertson County, but some of the crop has been damaged by the weeds.

Some Fleming farmers report only half a crop of wheat, while others report a fine yield. It has been selling at 85 cents a bushel this week.

Mr. James Chandler, who resides on Lawrence Creek, raised thirteen lambs from eight ewes this season. They were sold a year ago at \$5.10 per head, and were delivered this week. The lot averaged 10½ pounds. Buyers have already contracted with him for his next year's crop of lambs at \$5.25 per head.

Speaking of the wheat crop, the Department of Agriculture says: "A moderately satisfactory price would seem to be assured, with a possibility of more remunerative rates. A large demand for wheat is certain, much larger than for several years past, and possibly the largest annual exportations ever realized. This is a fortunate conjunction of the facts of distribution, so far as American farmers are concerned, though equally unfortunate for European consumers."

Another Debate.

A debate will take place at Concord, Lewis County, August 11th to 15th, between Rev. John Reeves, Presiding Elder of the Maysville district, M. E. Church, South, and Rev. J. B. Taylor, of the Free-will Baptist Church. The propositions to be discussed are two, viz:

1st. That the infant of a believing parent is a proper subject for baptism. Affirmative, Elder John B. Reeves; negative, J. B. Taylor.

2nd. That immersion is the only water baptism taught in the Bible. Affirmative, J. B. Taylor; negative, Jno. Reeves.

Two days will be given to each proposition. Sessions will begin in the morning at 10 a. m. and close at 12 m.; in the afternoon at 2 p. m. and close at 4 p. m. Opening speeches on each proposition of one hour's length, after speeches of one-half hour's length will be made alternately by the contestants.

Notice.

Several subscribers to the Cincinnati papers have stopped on account of the nuisance of having to lend their papers as soon as received to people who rather than buy one for their own use are satisfied to sponge off their neighbors. Your neighbor who takes the paper is too polite to tell you this, but you ought to know it. Buy your own paper and quit annoying those who buy theirs.

JOHN TAYLOR, Agent.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be constive or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

THE college at Tuskegee, Ala., in announcing that Miss Lelia Wheeler, of this city, has been added to its faculty as teacher of vocal music says: "She has received her education in the Cincinnati Conservatory of Music. Miss Baur, writing for her, says: 'Miss Lelia Wheeler is a fine singer. She will fill the position of vocal teacher with honor. She understands instrumental music well, is very intelligent, of excellent character and religious principles, and possesses executive ability. I feel sure that her course as teacher will be marked by success.' She has a remarkably rich, sympathetic and flexible voice of great compass, which she knows well how to use. While she has been pursuing her studies in the Conservatory, she has held the responsible position as soloist in one of the leading churches of Cincinnati. Her former patrons commend her in unqualified terms."

About Finger Nails.

[Medical Classics.]

Broad nails indicate a gentle, timid and bashful nature.

Pale or lead-colored nails indicate melancholy people.

People with narrow nails are ambitious and quarrelsome.

Small nails indicate littleness of mind, obstinacy and conceit.

Lovers of knowledge and liberal sentiments have round nails.

Choleric, martial men, delighting in war, have red and spotted nails.

Nails growing into the flesh at the points and sides indicate luxurious tastes.

THERE were one hundred and fifteen more deaths in Brown County last year than the year before.

KACKLEY & McDougle received yesterday 11,715 school books, the bill for same amounting to \$2,969.69.

T. ALEXANDER has been appointed postmaster at Cowan, Fleming County, vice W. H. Morrison resigned.

MR. GEORGE ATKINSON is erecting a handsome two-story frame cottage on the south side of West Third street.

EXPRESS AGENT PAYNE's application for a patent for his improved money envelope has at last been granted.

A QUARTETTE of colored vocalists of Paris are assisting in furnishing music at the High Bridge camp meeting.

THERE are several cases of scarlet fever in the Fifth ward. Mr. John Smith has three children ill with the disease.

THE Oddfellows of Lexington are talking of erecting a magnificent temple on the site of the old jail at that place.

DR. OLIVER T. BROWN, of Lexington, was sent to the asylum, Thursday. The use of morphine destroyed his mind.

THE steam riding-gallery, located on the Pearce lot corner of Second and Lower streets, will open this evening.

THE sum of \$30,000 has been subscribed at Paris to start another bank. There are already six or seven banks in Bourbon.

NERVOUS debility, poor memory, diffidence, sexual weakness, pimples, cured by Dr. Miles' Nervine. Samples free at J. J. Wood's.

MR. CHARLES STEVENSON, of Aberdeen, was called to Cincinnati yesterday by the serious illness of his brother, Mr. Edward Stevenson.

REV. A. M. VARDEMAN, a well-known Baptist minister, has given up the pastorate of the church at Centralia, Mo., and will return to Kentucky.

HARVEST is here, and Frank Owens Hardware Co.'s establishment is the place to buy Toncray's, McNutt's and Schwab's cradles. These brands are the best made.

A FIGHTING EDITOR

And a Country Lad Have a Slugging Match—Both Severely Punished.

William M. Hundley, editor of the Higginsport Enterprise, had a brief experience as a slugger a few days ago, and it is safe to predict he does not hanker after another engagement of that character.

His opponent in theistic encounter was Al Hanselman, a country lad, who lives back of Higginsport. Hundley had his brother James as second, Hanselman's backer was Emerson Jennings, while a fellow named McHugh acted as referee. Everything was duly arranged, and the contest was according to "Marquis of Huckleberry" rules, for \$20 a side. The Georgetown News-Democrat says:

"The fight was set as a 4th of July treat to the citizens of the Port, but the Marshal getting on to the affair it failed to come off at the announced time. By 4 o'clock Sunday the men had been sponged and sweated, and were considered in prime condition. Accordingly the crowd and the gladiators, with their backers, bottleholders, referee, etc., repaired to the grove in Kentucky, just opposite town, where a ring was erected and every preparation made for a high-toned punching match. After the preliminaries were arranged the men stripped to the waist and putting on four-ounce gloves, shook hands with each other and at the call of "time" began thumping. Until the fifth round the fighting was on Hundley's side. He gave Hanselman a terrific blow under the chin in the third round and 'shut his peeper' in the fourth. Hundley also 'drew first blood.' At the outstart Hundley forced the fighting, Hanselman backing, parrying and dodging. Toward the close of the fifth, Hundley's 'wind' giving out, the order was reversed and he commenced backing. This was kept up until the eighth round. On the ninth and closing round, Hanselman was slow to go to the front, but being pushed forward by his second, spurred up and gave Hundley a lick on the temple which did the work. Hundley spun around a couple of times and went to his corner. When time was called he stated that he didn't 'want any more' and the affair was over. Both participants were severely punished, Hundley's body being covered with blue-black spots. Hanselman was punished about the head and face. The gloves were hard, and capable, when a blow was squarely planted, of inflicting a severe abrasion. It affords us pleasure to state, for the glory of the editorial 'profesh,' that Hundley was licked because of want of 'wind.' He had the science and the sand to keep our colors flying, but was bested because his adversary had what he lacked."

The Kentucky authorities ought to take a hand now, and teach Hundley and Hanselman not to invade the sacred soil of the Commonwealth any more. Messrs. H. and H. should do their fighting hereafter on Ohio ground.

SERVICES at the M. E. Church at 11 a. m. and 8 p. m. to-morrow by Rev. Thos. Hanford, D. D., pastor. Subject for the morning: "God's First Call, After Man's Fall." Some popular subject for the evening. Strangers especially invited. Let all members attend the three Sundays before camp meeting.

THE News-Democrat, of Georgetown, O., says a few evenings since two young men stopped at the Richard's farm on Ball Point and were given lodging for the night. After their departure the next morning Richards made the discovery that his watch was missing. He came to Georgetown, but could find no clue to the miscreants. He says they were about sixteen years of age and came from Maysville.

THERE was an exciting runaway yesterday shortly after 12 o'clock. Mr. and Mrs. F. H. Gerbrich were driving along Second street in his piano wagon when the team frightened at an electric car. The vehicle was upset near Daulton's stable, bruising both the occupants about the face and head, but fortunately not seriously hurting them. The horses ran to the corner of Third and Market, where one end of the breast-yoke struck the ground, the other end penetrating the breast of one of the animals several inches and inflicting a wound from which it will probably die.

Death of Mrs. Philbrook.

Mrs. Rosilla Philbrook, of Marion, O., died last evening at 8 o'clock at the home of her daughter, Mrs. Wm. Petry, on Grant street. Deceased was sixty-seven years of age. Her health had been failing for some time, and she came here a few weeks since to spend the summer with Mrs. Petry in hopes of some improvement. There was a change for the worse, however, last Monday, and from that on she continued to decline, the end coming last evening at the hour named.

The funeral services will be held at Mr. Petry's residence this afternoon at 2 o'clock, and will be conducted by Rev. Thomas Hanford. All friends invited. The remains will be taken to Delaware, O., this evening for burial.

THERE will be no services to-morrow at the Central Presbyterian Church, and the M. E. Church, South, will have no preaching.

JOHN J. SWETMAN, of Odessa, Ky., has been granted a pension of \$12 per month from July 23, 1890. Mr. John Walsh was his attorney.

LADIES' fine dongola hand-turned button shoes, \$2.25, worth \$3.25; patent leather Oxfords to close at \$1, at Lynch's, 51 Market street.

THIS paper is read every week in the best homes in this region. If you wish to advertise anything at any time, keep this fact in mind.

BLATTERMAN & POWER have the finest lot of mantels ever shown in Maysville. Prices guaranteed to suit. Agents for "Monitor Range."

THE "Flying Dutchman" has pitched its tent on the Pearce lot on the corner of Second and Lower, and the merry-go-round is delighting the little folks.

A lot of bottled beer consigned to Thomas Guilfoyle was stolen out of a freight car at the K. C. depot Wednesday night. It has not been recovered.

THE dispatch sent out from Paris this week that T. W. Titus, the turfman, died of cramps was not true. He was attacked by neuralgia of the heart, but is recovering.

AN explosion of powder Thursday killed one Italian and fatally wounded three others who were at work on the railroad being constructed on Kinnickinnick.

THE Democratic Senatorial convention for the Ohio district composed of the counties of Brown, Butler, Clermont and Warren will be held at Milford, August 11th.

LEWIS CLARK, of Washington, has been placed on Uncle Sam's pension list at the rate of \$12 per month, from July 30, 1890. Captain Hutchins put the claim through.

ACCORDING to the registration at Covington this week that city has 6,174 voters, Only 4,909 were cast at the last election. At Louisville 27,789 registered, 1,473 less than last year.

SAM POLLITT, of the Burtonville and Tollesboro bus, will run through to Escalpia Springs daily during the season. Leaves Maysville at 1:30 p. m. Leaves Escalpia at 6 a. m.

THE young ladies of the M. E. Church, South, will serve ice cream Saturday evening from 5 to 10, next door to Ballenger's, for the benefit of their new church. The public are cordially invited.

THE ladies of the M. E. Church, South, will serve peach cream, vanilla cream, pineapple ice, delicious cakes and other delicacies this evening in the room adjoining Ballenger's jewelry store.

THE Covington Commonwealth says Judge Garrett S. Wall of Maysville has qualified as executor of the late Mrs. M. E. Buckner and administrator, with the will annexed, of Miss M. K. Buckner.

BEFORE you pay one dollar, try a fifty cent bottle of Pioneer Sarsaparilla. It will set you right, purify your blood and make a new being of you. Price, fifty cents. For sale by Power & Reynolds.

A LARGE stock of scythes, snaths, forks, hoes, wheelbarrows, screen doors and window screens can be found at Frank Owens Hardware Co.'s. The window screens are self-adjusting; will suit any window.

THERE will be the usual services at the Baptist Church to-morrow, conducted by pastor. Subject at 11 a. m.: "The Ministry of Angels;" at 8 p. m.: "Self Conceit." At the evening service a duet will be sung by Mrs. Stanley Lee and Mr. Frank Ellis.

HON. ULRIC SLOANE and Sarah Buckingham, of Winchester, O., were married this week. Sloane's first wife secured a divorce from him a year or two ago. The present Mrs. Sloane is a daughter of General Buckingham, who was Assistant Adjutant General of the United States under Secretary of War Stanton.

CHURCH OF THE NATIVITY—The services to-morrow will be: At 11 a. m., litany, sermon and holy communion. There will be no evening service. The rector, Rev. D. D. Chapin, expects to leave on Monday for Sewanee, Tenn., to be absent several weeks. In the meantime the church will be closed, unless special services are announced.

THE success of the Alliance in Kansas has developed a swarm of office-seekers in each county of the State. An Abilene, Dickenson County, paper, before us, contains the Alliance announcements which number as follows: Sheriff, twenty-three; County Clerk, seventeen; Register of Deeds, twelve; Treasurer, four; Surveyor, six; Coroner, ten; High School Trustee, fifteen, and Commissioner for one district, ten; or a total of ninety-seven in this one small county.—Exchange.

EAST SECOND STREET.

JULY CROP REPORT.

Returns Made to the Department of Agriculture.

COMPARISON WITH LAST YEAR.

An Increase in the Acreage of Corn but the Condition Unfavorable on Account of Drouth in Some Localities and Excessive Rains in Others—An Excellent Crop of Wheat—Poor Prospects for Oats—Condition and Acreage of the Cotton Crop.

WASHINGTON, July 11.—The July report of the department of agriculture makes the acreage, as compared with breadths harvested last year, of corn, 108.3; potatoes, 102.3; tobacco, 102.6. Condition, corn, 92.8; winter wheat, 96.2; spring wheat, 94.1; rye, 93.9; oats, 87.6; barley, 90.9; potatoes, 95.3; tobacco, 91.1.

The heavy increase in corn acreage is more apparent than real. The comparison is with the breadth harvested last year when there was a loss of 6,000,000 acres by abandonment. The present return makes the acreage a little less than 78,000,000 acres, or somewhat smaller than the area actually planted last year. Kansas and Nebraska naturally show a large increase, but their area apparently does not exceed that harvested in 1889. A further and more minute investigation will be made in the districts which suffered most from drouth last year.

The crop is late in all sections on account of drouth and unfavorable conditions at time of planting and cool weather during May, but June was warm with abundant moisture, and the crop was coming forward rapidly on July 1. In the Ohio and Upper Mississippi valleys the progress during the month was especially gratifying, but in Kansas and Nebraska considerable damage resulted from excessive rainfall. In many districts the June rains prevented proper working, leaving fields foul, but a few days of sunshine would remedy this. The general average is a fraction below that of 1888 and 1890, and slightly above that of 1889. The averages of surplus states are: Ohio, 93; Indiana, 95; Illinois, 96; Iowa, 94; Missouri, 88; Kansas, 82; Nebraska, 90.

The condition of winter wheat is returned practically the same as in June. The crop is harvested except in its more northern parts, with a condition the highest reported since 1879, with one exception. So far as can be judged at time of harvest the berry is reported generally plump and in keeping with the heavy straw, but occasional mention is made of short heads. Averages of principal states are: Pennsylvania, 98; Ohio, 97; Michigan, 89; Indiana, 99; Illinois, 98; Missouri, 98; Kansas, 94; California, 98. The condition of spring wheat improved during June, the advance being in Minnesota and the Dakotas, where the month was exceptionally favorable. Chick bugs have appeared in portions of the northwest, but with no appreciable damage yet. State averages are: Wisconsin, 97; Minnesota, 93; Iowa, 96; Nebraska, 96; North Dakota, 98; South Dakota, 97; Washington, 98.

Oats have improved during the month, but the general average is the lowest reported since 1879, except in 1887, and the last year, when a July condition of 81.6 was followed by a practical failure of the crop. The poor condition is generally the result of drouth early in the season, the present improvement having followed the seasonable rains and high temperature of June.

The first return of potatoes shows condition higher than the average of recent years, while that of tobacco is higher than in any year since 1886. The fruit prospect is very flattering in New England and the north Atlantic states and west of the Mississippi river to the Pacific coast. The crop in Ohio and Michigan was materially damaged by the frosts of May.

A special cable from the European agent indicates a heavy deficiency in the European rice crop.

CONDITION OF COTTON.

The July Returns of the Department of Agriculture at Washington.

WASHINGTON, July 10.—The July returns to the department of agriculture show some improvement in cotton conditions during the month of June. The general average for the whole breadth has advanced three points, standing at 88.6. This is three points below the July return of last year, and one above that of 1889.

In but four seasons since 1874 have the July returns been so low. The slight improvement noted has been quite general throughout the whole belt, the result of favorable weather during the month. The crop is universally late, ranging locally from a few days to two weeks or more.

In the Atlantic and eastern gulf states especially the plant is small and backward, and lack of suitable weather for chopping out has made the fields very grassy. Germination was slow and imperfect, and replanting failed to secure perfect stands. Locally considerable areas have been plowed up and given to other crops or abandoned entirely.

From Mississippi westward the plant, while somewhat backward, is of good color, making generally vigorous growth, while plantations running a sufficient number of plows are reasonably clean. There is some complaint of lack of labor. The outlook in Texas is especially good, the plant vigorous, fields well worked and fruiting begun. Worms are reported from but two counties both in Texas, not even an invasion of the first brood being noted anywhere else.

The returns of condition by states are as follows: Virginia 82, North Carolina 77, South Carolina 80, Georgia 85, Florida 94, Alabama 87, Mississippi 91, Louisiana 90, Texas 95, Arkansas 93, Tennessee 82.

The temperature of the month was above the normal throughout almost the entire region; the rainfall, while rather short, was generally sufficient, and this favorable combination of meteorological conditions enabled the crop to recover somewhat from the unfavorable earlier season.

BANK FAILURES.

A Louisville Bank and Four in Missouri Shut Up Their Shutters.

LOUISVILLE, July 10.—The Falls City bank closed its doors Friday and entered into a deed of assignment, conveying all of its assets to the Mechanics Trust company for the benefit of its creditors. The news caused a great shock in the business community, although it has been known that the bank was in a shaky condition for some time.

It was a private corporation, and has been in a shaky condition since last fall, when a run was made on it by its depositors. The liabilities are supposed to be about \$1,300,000; assets, \$1,000,000. Its capital stock was placed at \$600,000. It is not thought that depositors will lose any of their deposits.

Four Missouri Banks Fail.

NEVADA, July 11.—The Citizens' bank, of Nevada, closed its doors yesterday morning, and with it three other banks in the county. The Bank of Sheldon, Bank of Walker and Bank of Bronnagh, all under its control, passed into the hands of Receiver A. E. Fordham. The capital stock of the Citizens' bank is \$100,000, but with all four there was only a paid up stock of \$68,400. No statement of assets and liabilities has been made. Depreciation of values and withdrawal of deposits is given as the cause.

A BOY'S STORY.

He Informs the Pittsburgh Police That His Father is a Thief and Murderer.

PITTSBURG, July 11.—Charlie Snowden, a bright little chap of eight summers, fell into the hands of the police Wednesday night to whom he related a remarkable tale. He says his father is a professional thief, holding forth in Wheeling, and because he wanted to train his son up as a burglar the boy fled to this city.

The lad declares that his father, whose name is George Snowden, is the leader of a gang. It was their practice to use the lad to crawl through windows and coal holes of the houses they wanted to burglarize. If he refused they threatened to kill him. Recently when the gang supposed Charlie to be asleep they one night planned a desperate burglary near Wheeling. The next day the boy heard that the old man they robbed was killed in the encounter. He thereupon determined to run away. The police think the boy is telling the truth and have taken the case in hand.

Let the Gas Turned On.

ATLANTIC CITY, July 11.—Mrs. Mary H. Nutter, a colored woman, employed as a domestic at the Warwick cottage on South Mississippi avenue, was found dead in her room this morning. The gas was turned on and the windows and doors shut. Death resulted from asphyxiation. It is supposed to be purely accidental, as the woman came a few days ago from a small village named Nanticoke, Md., where gas is unknown.

An Unfortunate Family.

CORONA, N. Y., July 11.—Clifford Silver, aged 10, fell into Flushing creek last night and was drowned. His brother, who is 12 years old, made an attempt to jump after the drowning boy, but was held back by an unknown man who made no effort to rescue the boy. The Silver family has been particularly unfortunate in the matter of drowning accidents. This is the third son of the family who has lost his life in that way.

Robbed Little Messenger Boys.

NEW YORK, July 11.—Charles Brown, of Sixteenth street, Philadelphia, was remanded at the tomb on the charge of wholesale petty thefts from little messenger boys. His thefts aggregate \$10,000. He would give the boys a message to deliver, promising to pay them ten cents, and holding their packages until they returned. He would be gone when the boys got back.

First Place or Nothing.

INDIANAPOLIS, July 11.—In an interview yesterday Governor Gray denies the New York dispatch, which says that Scott Ray was authorized by him to visit Governor Hill and find out his intentions regarding the presidency. He says that he is not a candidate for vice president, and intimates that he will stand for the first place, and will not take the second.

Ravages of Grasshoppers.

KANSAS CITY, July 11.—Reports received here state that the grasshopper pest in New Mexico and Arizona is becoming serious. They have wrought great damage. In some sections not a vestige of vegetation remains. The grasshoppers are moving south and will soon reach the Kansas and Texas lines.

It is believed that Kansas, Texas, the Indian territory and Colorado will suffer from the plague next season.

Cloudburst in Montana.

HELENA, July 11.—Yesterday a furious storm, partaking of the nature of a cloudburst, occurred here. For half an hour the downpour of rain was furious and the electric display terrific. Three houses were struck by the lightning and several of the inmates stunned, but no fatal casualties have been reported.

En Route to the Behring Sea.

OTTAWA, July 10.—Sir George Baden Powell and Dr. Lawson, the British commission to Behring sea, left for the Pacific coast last night. They will be conveyed to the sea by the steamer Danube, which has been chartered by the British government for that purpose.

Blaine Rapidly Improving.

BAR HARBOR, Me., July 11.—The report that Secretary Blaine was dangerously sick as published in a western paper, is utterly false and without foundation. Everyone who sees Mr. Blaine riding and walking about the streets say that he is steadily improving, and there is every prospect that he will be a well man by the end of the summer.

No Apparatus But a Bug.

DARLTON, Conn., July 11.—An incendiary fire yesterday destroyed the feed store of Mather & Grumman, Matthew Rodehouse, and George Bailey's livery stable. The loss will aggregate \$25,000. The place has no fire apparatus.

SYRUP OF FIGS

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cures the system effectually, dispels colds, headaches and fevers and cures habitual constipation.
